

## Visit to Holt Hall

Please join us for a visit to Holt Hall, Kelling Road, Holt, NR25 7DU  
on Thursday, 2<sup>nd</sup> July 2026 at 4.00 pm

This is an opportunity for members to get a guided tour around the emerging Dyson Campus at Gresham's School with the architect (LSI), main contractor (Pentaco), and landscape architect (Guarda). The site was previously the Holt Hall field studies centre, but, in 2027, a new prep school will be completed. Nestled within 86 acres of ancient woodland, the new campus will offer an ideal learning environment for pupils to discover, explore, and grow.

The relocated school will have:

- Innovative STEAM facilities, with ultra-modern classrooms and laboratories.
- A dedicated music centre with fully equipped practice rooms and comprehensive teaching resources.
- Sports pavilion plus expansive rugby and cricket pitches along with top-tier athletics facilities.
- A multi-purpose hall with the latest equipment to cater to a wide range of activities.
- New infrastructure, landscaped grounds, and a programme of woodland management.

The buildings are taking shape and LSI have prepared a 360 VR tour of the campus so the proposals will be possible to view on headsets/tablet in an immersive way. Although the works will be very much in progress (and PPE is required), members will still get an incredibly detailed impression of the proposals.

Places are limited to 30 and will be allocated on a first come first served basis – please email [secretary@nfci.co.uk](mailto:secretary@nfci.co.uk) if you would like to reserve a place.
